Teacher of BLS courses for companies, Milan
- Sep - Oct 2009 **Volunteering at Mother and Child center in Calcutta, India**
Primary Health
Project for People ONLUS

EDUCATION AND TRAINING

- Nov 2020 - Present **PhD in Biotechnology – Translational Medicine**
University of Genoa, Genoa (Italy).
- Department of Experimental Medicine (DIMES), University of Genoa, Genoa Italy.
- Nov 2015 – Nov 2020 **Specialist in Vascular and Endovascular Surgery**
University of Genoa, IRCCS Ospedale Policlinico San Martino, Genoa (Italy).
Achieved with 110/110 cum laude.
Thesis title: "Endovascular treatment of complex aortic pathology: experience of a regional hub".
Prof. D. Palombo
- 2007 – Oct 2013 **Medicine and Surgery degree**
University of Milan, Humanitas Research Hospital, Milan (Italy)
Achieved with 110/110 cum laude.
Thesis title: "Cerebral Oximetry (NIRS) during carotid endarterectomy, analysis of 400 patients".
Prof. PF. Settembrini

PERSONAL SKILLS

Foreign Language English, Spanish

ADDITIONAL
INFORMATIONDidactic and research
activities

- Supervision of PhD students, postgraduates, postdocs, and medical residents. University of Genoa, IRCCS Ospedale Policlinico San Martino, Genoa (Italy).
- Member of the Organizing Committee of the School of Specialization in Vascular Surgery of the University of Genoa
- From 2015 Member of Italian Society of Vascular Surgery (SICVE)
- 2018 Member of Junior Committee of European Society of Cardiovascular Surgery (ESCVS)

- 2014 Catanese V, Alberto Pegorer M, Bissacco D, Di Gregorio S, Dallatana R, Settembrini P. "Conservative management in a young woman affected by isolated left subclavian artery dissection" *Ann Vasc Dis*, 2014
- 2020 Baldino G, Rossi UG, Di Gregorio S, Gori A "Ultrasound-guided fascia closure as bailout technique for large-bore percutaneous femoral access failure: Report of two cases." *J Vasc Access* 2020
- 2020 Boschetti GA, Di Gregorio S, Mena Vera JM, Pane B, Spinella G, Palombo D, Pratesi G. "COVID-19 Impact on Vascular Surgery Practice: Experience From an Italian University Regional Hub Center for Vascular Pathology." *Ann Vasc Surg*. 2021
- 2021 Finotello A, Schuurmann R, Di Gregorio S, Boschetti GA, Chakfé N, Pane B, Spinella G, de Vries JP, Palombo D, Pratesi G. "Initial Clinical Experience With a New Conformable Abdominal Aortic Endograft> Aortic Neck Coverage and Curvature Analysis in Challenging Aortic Necks." *J Endovasc Ther*. 2021

Research Interests

Coordination of the realization of multidisciplinary projects (in collaboration with the University of Pavia) for the assessment of morphological and geometric variations after endovascular treatment of pathologies of the aortic and peripheral district.
